UNIQUE SERVICE

3 year free repair service

WE DO IT **OUR*** WAY

* PRIMARY
SUSTAINABLE

OUR MISSION

100%
*

* HEART AND
PASSION

* MADE IN
AUSTRIA

* SERVICE WITH
GUARANTEE

* ECO BUT
LOGICAL

* WE KNOW
HOW

PRIMARYLY SUSTAINABLE

→ PIONEER IN SUSTAINABILITY

We live, work and think according to our very own values. And we have been doing so for over 40 years – long before the term „sustainability“ became an integral part of our vocabulary.

Because our world is really important to us, because we bear responsibility – not only for ourselves, but also for future generations and not least because we love the natural environment in which we live, it is important to us to avoid waste and use our resources sparingly. For us, sustainable action is therefore not an fundamental principle, but a self-evident need!

→ ECO BUT LOGICAL

We are known for our commitment to high functionality, robustness and stability of our products.

It is therefore essential for us that the ecological aspect never comes at the expense of product quality, but that both must work hand in hand – logically!

→ GREEN BUT HONEST

We do not invest in the purchase of certificates that promote greenwashing.

We have therefore developed our new Zero Waste Program to reflect our complete ecological self-image as transparently as possible.

**REDUCE
+ REPAIR
RECYCLE
= ZERO WASTE**

ZERO WASTE

"Anyone who can put 'Made in Austria' on their products is already doing a lot right when it comes to sustainability.

The fact that Komperdell offers a comprehensive repair and recycle service in addition to its zero-waste programme and resource-saving production methods is worthy of an ISPO Award."

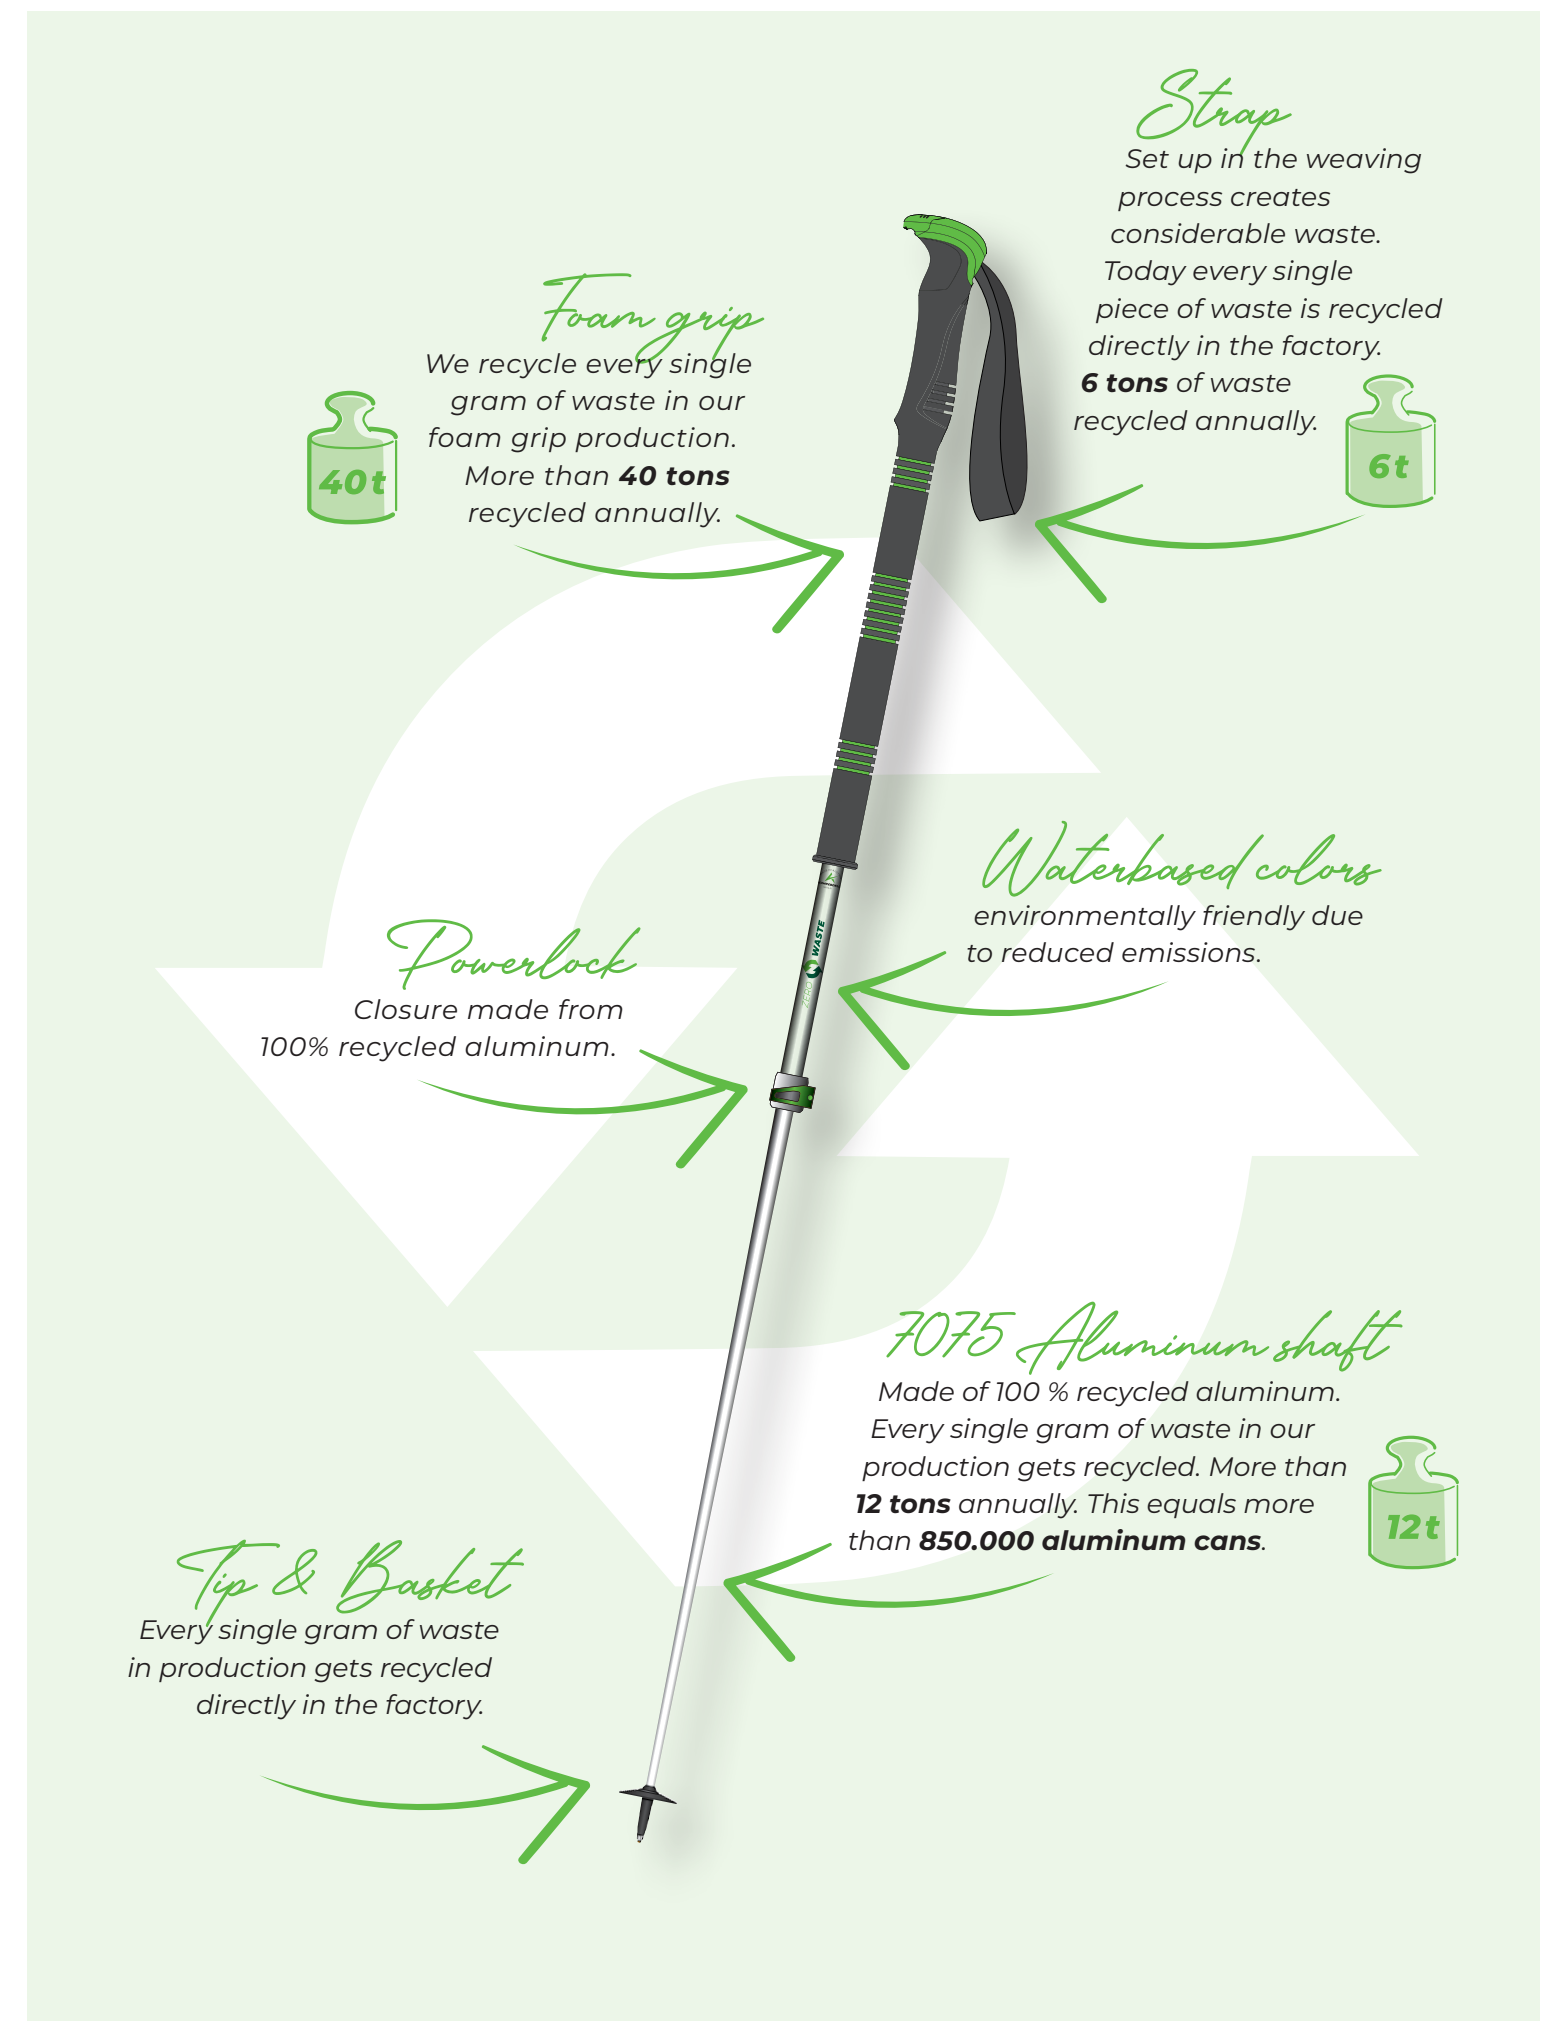

Jury Statement, ISPO Award

ISPO
AWARD
2024

WINNER

“Sustainability is not just a slogan, it’s a core belief of our company.”

Thomas Roiser, CEO KOMPERDELL

ZERO WASTE HOW IT WORKS

RECYCLE REPAIR REDUCE

Green, but honest – zero waste in production

We do not believe in labels and certificates. Our approach to a more sustainable production is simple and honest. Our goal is to produce our poles without a single gram of waste and with the smallest possible environmental impact.

REPAIR

Repairing instead of buying new

We launched our 3-year free repair service more than 15 years ago. No questions asked – no matter if it is our customers' fault or ours. Our service is part of our belief that quality products must be backed by outstanding service.

RECYCLE

Eco, but logical

If your pole can no longer be repaired, please send it back to us. We have created a dedicated recycling department as we are best suited to separate and recycle the materials in a pole.

From left to right

Thomas, Max und Raimund – a core part of the development team at Komperdell

FXP TRAIL

MINIMALISTIC. PURISTIC. EFFICIENT.

"The wow effect in every race! As soon as I got the chance to test the prototype, I knew I need this stylish pole as quickly as possible! Super light, highly functional, handling in seconds - exactly what I have always imagined."

Jens Kramer, professional trail runner

Can be used in seconds
by simply hooking the loops
in the grip head.

Decoupling made easy
Pull your hand forward over the grip
head. Release the ring with a short pull.

READY TO USE WITHIN SECONDS
by simply hooking in the straps

ROBUST GRIP HEAD
to secure a safe hold

**INNOVATIVE FLY
STRAP SYSTEM**
for maximum power
transmission

CHANGEABLE GRIP TAPES
to style your pole according to your
preferences

**EXTREMELY SMALL
PACKED SIZE**
fits in conventional quiver

**IMMEDIATELY READY

WINNER

FXP CARBON ULTRA

The Carbon FXP trail running poles set new standards in terms of performance, comfort and design. Completely rethought and reduced to the essentials - exactly what performance-oriented trail runners with highest demands are looking for.

The combination makes the difference:

Only 14mm shaft diameter and the self-deploying FXP mechanism guarantee a smooth handling when pulling the poles out of the quiver. Ready to use in a matter of seconds.

ADVANTAGES AT A GLANCE

- + particularly small pack size, fits perfectly in conventional quivers
- + the minimized shape saves weight and ensures agile handling
- + our innovative Fly strap system guarantees easy handling and maximum power transmission
- + thanks to the patented FXP folding mechanism, the pole unfolds completely by itself when released

CARBON

LIGHTER – STRONGER – KOMPERDELL CARBON

Unmatched carbon expertise. We are the only manufacturer with the knowhow to develop and manufacture our own carbon shafts. Carbon isn't just carbon. To achieve the perfect balance between lightness, stiffness and break resistance, we match the ratio of carbon fibre and resin perfectly according to the area of application. A cross-country pole for example needs to be especially stiff to ensure optimal power transfer, while for a trekking or touring pole, weight is the top priority.

FIBER LAYERING

By adjusting the fiber lay-up, we control the shaft's stiffness, break resistance and weight.

STRONG AS STEEL

Compared to aluminium, carbon fibers offer a significantly lower density. This makes carbon especially light, but still as hard as steel.

IT'S ALL ABOUT THE RIGHT MIX

We develop our shafts on our own and perfectly balance the ratio of fiber and resin.

SUPERIOR RAW MATERIALS

The spectrum of carbon fibers ranges from inexpensive pens to the most exclusive fibers used in aerospace. For our products, we exclusively use the highest quality carbon fibers used for aerospace.

THE CORRECT FIBER AND WINDING METHOD IS KEY

Stiffness
thanks to
vertical
fibers

Resistant
thanks to
diagonal fibers

Even more resistant
thanks to opposing
diagonal fibers

WOMEN EDITION

Ladies' choice: a superior companion for your outdoor activities - trekking poles from our women edition. A perfect mix of design, fashion and highest functionality combined with lightness and a small packing size. A pole that offers all you could wish for!

3 YEAR FREE REPAIR SERVICE

→ REPAIRING INSTEAD OF THROWING AWAY

Our commitment to sustainability goes beyond environmentally friendly production methods and recycled materials. We take after-sales responsibility seriously through our unique repair service.

→ INNOVATIVE PIONEERS

We introduced our free 3-year repair service more than 15 years ago, long before the term sustainability became popular. We are still absolute pioneers here today.

→ WORLDWIDE UNIQUE

We repair all telescopic poles no matter what happened – without receipt and no questions-asked. Regardless if it's our customers fault or ours – we are happy to take care of it and contribute to an extended product life-cycle and to protect our environment.
